Aug 11, 2021 Installation Instructions Solved:MSVCP140.dll not found error in sims 4. error are following Go to programs and features Sims and origin Then select language In command prompt type "C:\Program Files\Electronic Arts\The Sims 4\Win64\vcredist_x64.exe" A: It is true that you need to run c:\Program Files\Electronic Arts\The Sims 4\Win64\vcredist_x64.exe to install any sims 4 related stuff. However, the reason why the error shows up is because the latest version of sims 4 game does not contain the redistributable file in its installer (or has a corrupted one). Since the sims 4 game does not have the redistributable file in its installer, the installtion process fails. In this case, you can download the latest version of sims 4 game from the link below, install the game from the installation media and then run the installation file to fix your sims 4 game. Sims 4 PC Update As of to July 2019, the microsoft download site is not very reliable regarding sims 4 related stuff. I would suggest to avoid download sims 4 game from microsoft's site. You should instead download sims 4 game from the Sims official site. This will make sure that the game is licensed by Electronic Arts. Sims 4 Store Note that sims 4 store does not support multiplayer, so you cannot play with your friends who already own sims 4 game. Sims 4 PC Update 2 As of august 2019, sims 4 game does not support the following internet browsers: ie9, ie10 and ie11 If you are using an internet browser that does not support that, you should download the latest version of sims 4 game from the link below. Sims 4 PC Solved: The sims 4 error window is gone, just a quick update, there will be a sims 4 update for sims 4 on August 20, so be ready for it.
