What's New in the AutoCAD?

Direct Save to Cloud: Share an image on a cloud service, and it will save directly to the cloud. (video: 1:05 min.) Dynamic Links and Smart Email: Create dynamic hyperlinks to other files in your drawings and include dynamic text within them. When you receive an email that includes a link, it opens in AutoCAD and allows you to edit the associated drawing. (video: 2:36 min.) Do-it-yourself Rendering: Use the new BIM Accelerator rendering engine in AutoCAD to export 3D models directly to the Web. (video: 1:50 min.) Single Click Tools: If you change the color of an object, then switch to a different tool, the current tool will automatically be redrawn using the new color. (video: 1:18 min.) Standard/Custom Toolbars: Create your own toolbars or use the standard ones that are available in the application. AutoCAD will remember the last used toolbars and continue to use them without asking for your input. (video: 1:11 min.) Expressive Render Modes: View your drawings in a realistic way with five newly introduced expressive render modes that use the color and light of your physical environment to show your artwork in a realistic way. (video: 1:53 min.) 3D/CAD Conversions: Drawing data from 3D modeling packages and other CAD applications directly into AutoCAD. (video: 1:09 min.) 3D Walk-throughs: Use 3D walk-throughs to visualize and document your drawing data. Draw 3D walk-throughs on 2D drawings to create a third dimension, then include them in your 3D models. (video: 1:56 min.) Printing and Sharing: From a PDF or on a page of a printed book, you can select any object in your drawing and use it to create a new drawing. (video: 1:43 min.) Multi-Spatial Window: Use the Multi-Spatial Window to easily view more than one drawing at a time. The drawing on the right is displayed above the drawing on the left, with both drawings on separate floating windows. (video: 1:43 min.) Faster Search: Search for any drawing
