If you like Facebook games, then NipoBox is your perfect match! With over 19 million+ users playing worldwide, this is the only game where you can play addictively for free. Every day, thousands of people who love NipoBox games play it for hours! We have huge plans for NipoBox, and we are constantly improving the quality of the games, adding more themed universes, game modes, and content. You can find out about these new additions here: [New Features: UNIQUE ISSUES](#) * We have been hearing from our users that there are specific issues that they can't figure out how to solve.

These are common problems that plague many users of NipoBox games. Many of these have an overall negative impact on gameplay, and can cause hard to track down crashes. We are addressing these issues, but if you run into one of these problems, it might take more time to fix it. * The user interface has been given a face-lift, and is much more intuitive. We have also invested a lot of resources into making sure this looks great on tablets and mobile devices. [IMPROVED GAME MODE AND FUNCTIONALITY](#) * We have improved the competitive and cooperative game modes! Competitive mode pits two teams against each other to see who is better. This also means that you can play co-op competitively with a buddy. * In the competitive mode, the player with the highest score at the end of the game is the winner. In the cooperative mode, the player with the most coins is the winner. * The lower ranks have additional game modes added. You can move quickly up or down in rank by performing well in the other game modes. * We have added new game modes including scratch and jump! Jump is the best game mode ever. When you correctly scroll through the Snack Scramble interface to collect the right images and collect them quickly before you pass the time runs out, you get to jump for more precious time. Collect five of the same types of images and you get to jump for even more precious time! Have fun! * In some regions, there are speed mode and Japanese images in the snack scramble mode. [NEW STORY MEANT TO LEARN ABOUT STRATEGIES](#) * The story is intertwined with the Snack Scramble game.

What's new:

from Home - Q&A with Matthew McFaden Goro earns his stripes! The Japanese production of Dog Days returns to the UK next month with a special tournament involving Badfinger veteran Mark Ostin, the man who built the band into an international act after it was found by Neil Aspinall. For those who missed out, the Edinburgh festival runs from 28th July to 4th August. Matthew McFaden enjoyed success with Disciplined Recovery but by 1990 he'd had enough of life in general and the rock industry in particular and left the music business in search of a more romanticised way of making a living. Now in his 40s, with a partner and a daughter, he works as a carpenter earning enough so that he can walk his daughter to school on Sunday. He is also part of the company that runs the abandoned Hawkcastle hotel in Llanrwst and has produced some successful films, but didn't discover what the challenge really was until there was a chance that he could combine the two to write and produce a rock opera. I speak to the artist and screenwriter who delivered Hogger! to completion in his new studio on the outskirts of Llanrwst, where he dedicates a large ifachan plot. How important do you think it was for you to have a Western upbringing to allow you to travel to a country that was so close to your heart? Nah, it just felt like the right thing to do - to be able to introduce my daughter to a culture she's been missing. So far, so good. "I wish more was made of how important music is in Wales, every time I'm asked what's important about Wales, the moment someone mentions the music it's the end of the conversation" Did you consciously look for a challenge? I didn't look for a challenge, but I was given this opportunity by David Fraser, who runs Bardowie Films. We started working on the thing in 2010, maybe June, and we showed it to a couple of people. It wasn't until June 2011 that anyone really felt it was good. From that moment on there was someone coming back week after week. I never said that I would make it. People need to know that in Scotland those paths aren't blocked off. If you have an idea, to make, you go out and make it. Not through lack of talent or lack of ambition.
