----- Like, Subscribe or Comment. published:11 Aug 2017 views:2901 Whoah, watch the video till the end. Take a look at this game. I hope you enjoy the game. The SetExpressDropoffGame is a puzzle game where you need to find all other items that are not on the same platforms as you to win. Now, find the items in the given time frame and win this game. Clear all of the levels and win the game in the end. Watch out for the moving items and opponents. Play and have fun. Gameplay: You start off by placing one of your coins. When a coin is placed, it gives you another option to drop another coin. When you put coin on the platform, a gauge will start to fill up. And when it is full, you will be able to do a jump. You can place coins on only one

platform. You get 3 lives.
