The story of the Elden Ring game is based on a multilayered, open ended fantasy drama where the various thoughts of the characters intersect and intertwine in the Lands Between. Our goal is to expand this traditional story-driven RPG, adding free-roaming exploration elements, role-playing elements, traditional RPG elements, and various elements of the genre we have created within the Lands Between. Our game is planned for release in spring 2018. You can watch the first "Dragon's Call" event to view the story behind the development of the game. New Website!
