☆ **Actions** A strong point of the game is its emphasis on action, and the act of actually moving your character in the world. A variety of actions can be performed by each character in the game, such as attacking enemies, performing a dash, and performing a special attack. Completing these actions gives you experience points, allowing you to level up and improve your character. ■ **Actions in the game** will cover a variety of actions, and these will be performed automatically when switching to another menu, or when you perform various actions. **Other Actions** Depending on the situation, the characters can also perform a variety of other actions. ■ These actions include tapping a special attack button, dash actions, and special actions. Depending on the characters' position, these actions may not be applicable, or may not be possible to perform. Characters have their unique actions unique to them. **One-Hit Damage** When an enemy or other player is directly attacked from a distance, an attack will hit once. ■ This action is good for clearing out the scenery, but it is also possible to use this action when setting up combos. ■ Players can do one-hit damage using characters with the ability to dash (4). ■ Characters that have dash abilities can also perform other actions, such as a special attack, while using dash. **EXCITING WORLD** Experience Points A character's level is based on the total number of experience points accumulated at the start of the game. ■ On the surface, the experience points obtained from clearing the world, defeating enemies, and gaining levels will help you level up. But you can also gain experience points by completing various actions, such as performing a special attack or the one-hit damage attack. ■ You can have experience points stacked up from actions in the world, giving you a big advantage. **Levels** To develop your character, you can use experience points to increase a character's levels. ■ Characters may randomly change levels, and you can upgrade certain characters to be stronger by increasing their levels. **Tangible Worlds** Your character will become more powerful with time as you level up. □ **Tangible Worlds** As you obtain experience points in the world, you will gain additional levels. After reaching a certain level, an experience point will be required to
