Endless Reader's word learning tool allows children to learn words through a fun and interactive method. There are over 20,000 words you can try to learn as many of these are ones children most frequently have questions about. The app has three categories to choose from: child and baby, fainting, and general. Child and baby includes words for parents, and children. Fainting includes hard to spell words, words with vowels, and words to become better at the Spelling Bee. General includes words for housework, games, homework, and cooking. When parents and kids have the app installed on their phones, the kids can play games on their phones and then come back to their parents phones to look up words. Parents are able to quickly see which words their kid wants to learn and parents can choose words that they want the kids to learn from the app on their phone. The user is rewarded for each word with a funny animation of Pinkerton doing what a word meant. It's said that if you want something done right you have to do it yourself so with Endless Reader I decided to make it happen for my own child. ❤ Join Endless Reader's Learning channel on Facebook to be the first to know when new words are added and to get helpful hints along the way. ❤ Like Endless Reader's Facebook page at ❤ Download Endless Reader free from the Apple Store: ❤ Download Endless Reader free from Google Play: ❤ Follow Endless Reader on Instagram: ❤ If you would like to send us feedback on the app you can do so at the following email: Support@catacombstudio.com Speaking to a preschooler can be a real challenge, and when you speak to them in English as a second language, it can be even more difficult. Talking to kids in other languages is harder because they don't know the language they are speaking. In this video I explain how to use the Alphabet Song to teach letter recognition to your preschoolers in English. You can download the b7e8fdf5c8

Endless Reader [Mac/Win]

A great first reader for kids 3 years old and above! Endless Reader is an application, which doesn't just teach the child new words - it also helps them learn to read. It is not just any application: Endless Reader teaches your kids to read naturally and easily, while having fun! Features: * Teach your child to read! * Read a word on the screen and find out its sound. * Match the word and the reading with sound, and pronounce it. * Receive 4 animations for each completed unit. * Instant feedback and statistics. * Learn hundreds of words - starting with familiar words (like "the") and ending with difficult words (like "vicarious"). * World's most loved monsters and characters for kids and parents - Pinkerton, Teletubbies, Anakin Skywalker, Krypto the Superdog and others. * Hundreds of images that get your child's imagination running! * Offline mode allows for learning while on the move. * No ads. * Small size & super fast! * Fully customizable - choose your preferred fonts, backgrounds and themes. Frequent Updates We will update Endless Reader frequently to add new words, characters and themes. I am not sure if it is recommended to download the app but I did so because I didn't want my baby to watch the cute little puppies and dogs. When my baby was about to turn 18 months old he randomly started pointing at every single puppy that he saw. I don't know what made him start but he became more obsessed with it every day and I didn't want him to get traumatized by this. I ordered Endless Reader, a word recognition app for my son. It is a great app and he likes it a lot. He recognized words pretty quickly and it was easy to teach him to recognize more words. - January 17, 2015 By Kristina - Published on Amazon.com Format: Paperback 5 I purchased this app for my almost 4 year old. He absolutely loves it! He is getting all of his words and several of his longer phrases. It's great for practicing reading and language and I've seen a big difference in his development since he's started using it. Great for children ages 4-12 years old! - November 15, 2012 By Chegg Student - Published on Amazon.com Format: Paperback 4
