Manchester City FC of England, and for its case to be transferred to the English Premier League. He has asked for a transfer amount of €40 million. – Clement Laporte has also been able to request a transfer to Bayern Munich of Germany, for an amount of €50 million. Clement Laporte is probably the best player to play the game in this season. He combines the right level of speed, creativity, power and technique. He has spent the first years of his career with Lille OSC and Marseille. After some good experiences he has moved to Brazil to play in Fluminense FC. Laporte's first game for Fluminense FC, featured his great goal with a bicycle kick against Osasuna FC. He returned at the end of the season and he scored 13 goals in the Campeonato Brasileiro Série A. Laporte made his move to Spain in summer 2016. He signed for Atletico Madrid and he had only been in the club for a month.

---

Clement Laporte plays as second striker. He is a very fast player and he has the ability to create openings for his teammates. He has a very good set-piece ability and his skills are really something. He can be an important part of the game for his team.
