You won't believe your eyes when you see an old friend from the Lands Between, Lord Asctetic, who was lost in the Lands Between long ago. As you join him on a journey, you'll have to revive him in the New Fantasy Action RPG! Battle with your allies and enemies in the New Fantasy Action RPG! In this epic fantasy action RPG, you'll first experience battles in the open world of the Lands Between. The only limit to this open world is your imagination! With a variety of enemies and their abilities to attack you, you must build your character according to your play style. There are many story elements to enhance your adventure, and you'll have to explore vast fields and enormous dungeons to unravel the mystery surrounding Asctetic and his past! The catch is, you can only access this game by linking your Dream Diary. Your diary, which you can utilize online through SNS, will determine your character's level. Each diary level will give you access to additional areas and dungeons, which will add variety to your adventure. A powerful battlesystem allows you to use the appropriate skills of your character for each situation. Full control and unlimited item regeneration is achieved by using the item you like. The Lands Between is a world where those from separate realms come together. There is a long and complicated history between the lands. What is an Elden Lord? An Elden Lord is the lord of a level. While they are not the final boss, they are much more powerful than a regular NPC and difficult to beat. In the New Fantasy Action RPG, you can use powerful magic and skills, as well as equip various weapons, armor, and magic items. As you improve, you can increase your speed, level up skills, and equip weapons, armor, and magic items to become a powerful and stylish character. The detailed development teams are hard at work on the game. Do not miss the next big change! System Requirements • Operating System: Android 4.0 or later • Internet Connection: 3G/4G for use in free play, and the latest version of the LINE application (line.me/link) for use online. • Device: Android smartphone or tablet that supports the latest Google Android OS (Android 4.0 or later) * Up to 10 billion downloads via Google Play * Top 20 million downloaded via LINE * New Fantasy Action RPG is currently playable

I'm only used to doing this with the 'stats' package, but I'm not
finding how to do it with the newly-released 'MASS' package. I want
to use it for 'least squares' regression, as in the following example:
