What followed was a wave of anticipation that only Netflix could

generate. Fans have been engaged ever since, watching the show's massive following build online. But fans' expectations were far higher than what they eventually got. Monsters, Inc. Netflix is launching its "Stranger Things" TV show without fans knowing how it'll end. Following the Upside Down, the creators of the supernatural thriller have a lot to prove. The 1986 classic "Monsters, Inc." was easily Disney's most memorable animated film. In a post-Disney showbiz world, John Goodman's performance as Mike Wazowski, Janusz Kaminski's unforgettable visual design, a script that always built to a funny, quirky, spiritual climax, and a killer score helped set "Monsters, Inc." apart. So what might be the "Monsters, Inc." of Netflix's first tentpole TV series? Director Shawn Levy had an answer ready with Friday's Orange Is the New Black. The Emmy-winning television comedy series was ahead of its

time, not in many ways – it was about a group of tough women who locked themselves in a cell and shouted about their issues – but in another. In a landmark pre-"Star Wars" moment, Levy's script allowed the prisoners to reinterpret and thus find harmony in their disparate personalities. TV copory Why was the execution so poor? Because "Orange" was a tough act to follow and Levy's brainchild already felt at home in the media business. "Stranger Things" is coming to television from a world that already tends to revel in excess: Stranger Things.
