Custom Filter.To find the best climbers in the team, this has to be by far the best climbing/problem height contest I have ever come across! The developers of this site, along with the sponsors of the site, have put a ton of work into this website and we are grateful for their efforts. We thank you for your patience while we overhauled the site this summer and for your kind words and congratulations. We hope you will continue to enjoy your time here. You must be a logged in member to comment. It is free to register and you will find the link at the top of this screen to begin the process. Registration is required for participation in the contest and the contest rules are outlined below.Q: How do you read the first line from a file to a string array? I've tried these, but none work: `string[] lines = File.ReadAllLines(@"Sample.txt");` `string[] lines1 = File.ReadLines("Sample.txt");` `string[] lines2 = File.ReadAllLines(@"Sample.txt");` I read the file, but none of the methods I tried returned anything. A: You should use `Path.GetFileName()` instead of hardcoding the file name: `string[] lines = File.ReadAllLines(@"Sample.txt");` You could even use `Path.GetFullPath()` and avoid all of the headache: `string[] lines = File.ReadAllLines(Path.GetFullPath("Sample.txt"));` best of that." Kyle Turley has changed his life for the better, and he's not going to backtrack from that. The quarterback won his 15th career NFL start last week by a game-winning field goal, completing 24 of 34 passes for 246 yards and two touchdowns. However, the Steelers aren't the only ones working with him,
