As a fantasy-themed ARPG, the game has garnered positive reviews from various sources. Mobile game review website RPGWatch (Android) : "There's an interesting story to be told, as the quest to save the Kingdom of Tarnished is done with a bit of a unique twist. The game builds upon what ARPG's have been doing for a while now, but it takes it to a new level.

Players will be bombarded with enemies, music, quests, battles, and leveling as they play through the game."

RPGWatch (iOS) : "For the price, it's a wonderful bit of free software."

RPGWatch (PS4) : "Beautiful presentation with a very satisfying difficulty."

RPGWatch (PSVita) : "It's a great game for anyone that wants to experience the dark fantasy of the world of Tarnished. The plot is easily understood and full of witty banter, but it's not complicated or overly deep. Still, it's a great adventure, and a good game to play for anyone looking for a rollicking, action-packed ARPG."

Mobile game review website Pockettactics (iOS) : "It's a great ARPG for Android, with some nice, imaginative gameplay elements. A must-play for anyone interested in the genre."
