Chris Pratt Guardian Of The Galaxy Ft. Chris Pratt - I am so tired of that nonsense. This is the highest grossing film of 2014, and it's only the first Friday. It will have earned over a billion dollars by the end of the month. Guardian Of The Galaxy Ft. Chris Pratt It opens at the top of the box office and it is rolling! Already, it's the highest grossing film of the year. It has earned over a billion dollars. It doesn't slow down. It just keeps rolling. It's killing it. Just because Captain America was in this movie doesn't mean that Marvel Studios ever wanted to be Marvel Studios, and that is a big problem, because the last two films just barely scratch the surface of what they should have been. I loved the last two, but they're too close to Iron Man 2, and too far away from Iron Man. That was boring. That was like Star Wars Episode VII and Episode VIII. It was way too much like their own thing. I'm looking forward to Guardians of the Galaxy. I'm excited for the Death of Thanos. That
