In Oathbringer, the third volume of the New York Times bestselling Stormlight Archive, humanity faces a new Devastation with the return of the Voidbringers, . They are a new group of several ancient races that can cause earthquakes, create deadly fireballs, and even use their inner energies to manipulate the climate. And they're not the only ones trying to invade a land that hasn't seen anything like it for centuries. There is another species that also invades. They're not supernatural this time
